

**Audubon Assembly: November 2-4, 2018**  
Sponsorship Levels & Benefits

Audubon Assembly gathers grassroots leaders from across the state of California together with Audubon California staff and conservation allies and experts. In 2016, over 100 leaders representing 32 of the 48 California chapters gathered in Yosemite for planning, training, field trips, and networking. Audubon chapters in California comprise nearly 10,000 members throughout the state. These leaders and members are well-educated, politically diverse, and they influence many other conservation-minded people in their local communities and beyond.

**The Assembly offers sponsors excellent exposure and benefits**
